Dear Mr. Ruben —

Thank you for sending your
book — The Honorable Mr. Dixon — I
had forgotten some of the details +
had never known the grounds for
a possible new trial —

As I told you on the phone, I
never knew Klitaker Chambers — While
there are several points made in your
book that I never considered, they are
not important — and facts are what
you need — I have none to give.

I would be happy to hear you come
down anytime, but must truthfully say,
I am afraid it would be a good case —

I will watch for your new book with
interest —

Sincerely,

Helen Duggan Muehleck
